or Scan this QR code with your phone's camera:

NEW DIGS

LEAPS

Learning Ecosystems Accelerator for
Patient-centered, Sustainable innovation

You will be taken to MIT's Tim Tickets website. Follow these steps to complete your Tim Ticket registration:

- Click or tap on **Visitor**.
- Enter your **mobile number** and click **Send OTP** to receive a one-time PIN code via SMS.
- Enter the **PIN code** you received and tap **Login**.
- Enter your **contact details** and **complete the health attestation** (if prompted)
- Click **Send my Ticket**
- The app will display a **QR code unique to you** 24 hours before the event that you can scan to enter the building.

We suggest you do this before arriving, as the system takes 30 minutes to populate the QR code and grant your access. Your code and access will be valid for the length of the event.

On the day of the event:

The Samberg Conference Center (building E52) has two entrances with QR Readers:

Wadsworth Street - wide set of shallow stairs (*GPS: 30 Wadsworth*) and an accessible ramp (*GPS: 47 Wadsworth*) leading to a glass enclosure. The QR reader is located between the outside (unlocked) and inside (locked) doors.

50 Memorial Drive - steep stairs facing the Charles River

Each entrance will have both a QR reader and an ID Card Reader (see photo). ID Cards Readers will only work with valid MIT IDs.

Present your Tim Ticket QR code below the scanner near the door. You can display your QR code from the MIT Tim Tickets mobile application or by printing it out from the visitors.mit.edu website.

Scan your QR code by holding your phone at least 6 inches below the scanner, with the QR code face up.

Do not hold your phone in front of the of the scanner, too close to the scanner, or with the screen facing away from the scanner.

Once you are inside, take the elevators to the **6th floor**

We look forward to seeing you (in person!).

Should you have any trouble getting into the building please text one of us:
